Around the Square

Hmmmm! Wonder if we'd be eligible to enter the merchants' Christmas suggestion contest for the Kersting Court Triangle. Let's see now. That \$25 merchandise order could buy us a new fishing rod or a .22 rifle. Nope, maybe we need to buy more clothes. But then again Christmas gifts for the relatives are needed most right now. . . . What's that, Mr. Stein? You think we'd better just stick to our writing? Well, OK, but all the rest of you Sierra Madreans can still enter the contest. Get your ideas in now.

ECHOES OF THE ATOMIC AGE: A 5-year-old kindergarten pupil came home from school thrilled the other day because "pretty soon now the atom bomb is coming and it will break the windows, and we'll all have to crawl under desks and put our arms over our heads."

Egad! It sure doesn't take much to please some people.

From the Memphis Commercial-Appeal comes this tidbit on one of our local businessmen.

"Woodson F. Jones, the displaced person from Memphis serving out exile in Sierra Madre, Calif., begs for help. Not long ago, some other unfortunate Tennesseean out that way heard John Nesbit on a radio program tell about a rain of snakes in Memphis, and Woodson doesn't know about it. So he's asked any of the stay-at-homes if they can bring him up to date on the rain of snakes here in the Mid-South. Much obliged in advance."

Oleta de Campo of Fashion Fur, a woman's store has been embarrassing us this week during the altering of her store window display. We snapped our head around so fast that it hurt the first time we caught a glimpse of those unclad mannikins.

WATER BILLING ON BI-MONTHLY BASIS STUDIED

You'll soon be getting your water bills on a bi-monthly rather than a monthly schedule.

The City Council instructed City Attorney T. Guy Cornyn Tuesday night to introduce an amendment to the water ordinance calling for billing water meters every two months instead of every one.

The change was recommended by Water Superintendent Al Freeland, who pointed out that billing half the city one month and the other half the next month would result in a saving of money and effort.

Many other cities and public utilities already have adopted such a system, he said.

Sierra Madre Artists Open New Fall Exhibit

by MARVIN WEESE

One of the few small cities in the country to have a continuous show of paintings by local artists, Sierra Madre opened its Fall exhibit Friday. The current exhibition marks the 22nd year of the Little Gallery, and the fifth year of continuous showing by local artists. The Art Gallery in the City Hall was initiated by Mrs. Fred Griebel in 1929 and is open every day in the year.

The great variety of excellent work in the present exhibit includes:

"Spring Breeze" and "Red Rock Canyon" are done in oil by Margaret Ascher; "October," "Our Vanishing Countryside" and "Papago Village, Arizona," are oils by Margaret Cash; "San Gabriel Valley" and "March in Sierra Madre" are oils by Alfred James Dewey. "Still Life" and "On the Library Table" are pastels by Blanche Luper; "Constance" and "Cinderella" are painted in pastel by Bee Ward McIvor; "The Sea," "The Desert," and

MOTHER'S CLUB members of the Ascension Parish Day School library committee all pitch in to classify and catalog newly-arrived books. In just two years the school library has grown from only a few miscellaneous books to a serviceable collection of 650 volumes. Books were either purchased or donated. Shown at work in the library in the school office is the 1951-52 library committee: (left to right) Mrs. Gerald I. Holmes, Mrs. John Redlon, Mrs. George A. Bouvier, Sr., Chairman Mrs. Herbert Kelley, Mrs. Helen B. Perrin, and (seated) Mrs. Charles Wood.

FUND DRIVE LAGS, STILL SHORT \$1628

Still short some \$1628 in their campaign to collect \$4928.56, Community Fund Drive officials this week asked again for more volunteer workers.

Chairman Hugh Warden conceded the drive "is slowing down" and called for more "reinforcements" in the form of residents willing to contact five or ten fellow citizens each.

Members of the Kiwanis Club, which sponsors the annual fund-raising appeal, will be renewing their soliciting efforts this week, Mr. Warden said.

By Tuesday night, only \$3300 had been collected in the drive which benefits the Boy Scouts, Girl Scouts, Campfire Girls, YMCA, Toy Loan, Visiting Nurse Association, and Community Nursery School.

Meanwhile, it was pointed out this week that some Sierra Madreans may be "holding back" donations because they do not understand why the

LEE SHIPPEY ON TV TODAY

Lee Shippey will appear at 3 p.m. today on Jeanne Gray's television program over Channel 11.

Mr. Shippey's candidacy for Congress in the 21st District has drawn widespread comment in view of his pledge to virtually conduct his campaign "on a dime."

The Sierra Madrean has said he is running for Congress in hopes of proving that "a poor man has a chance" to be elected to a high office.

Must Get Permits To Use Buildings

Persons wishing to use the Youth Hut or Parkhouse must get a permit through Deputy City Clerk Marie Warfel at the City Hall.

"Since there are only a few afternoons and evenings open now," said Recreation Director John E. Odem, "it may be necessary to have your name placed on a waiting list."

Council Denies Zoning Appeal Of Sengers

The City Council Tuesday night denied J. C. Sengers' appeal for a reversal of the Planning Commission's decision regarding his zoning variance request to build a second house on his property at 327 Sycamore Place.

The door was left open, however, for either the property owners or the planners to initiate proceedings to rezone the area R-2.

In moving that Mr. Sengers' appeal be denied, the council

CONFERENCE MONDAY WILL PONDER CITY CELEBRATIONS

A permanent committee for Sierra Madre's future "annual celebrations" will be formed at the open meeting next Monday night, Nov. 19, 8 o'clock, in the City School cafeteria. Delegates are asked to be prepared to select the permanent committee members.

Mrs. Daniel L. D'Arcy, president of the Community Coordinating Council, said the temporary steering committee, which was formed at the Oct. 29 meeting, will be dissolved when the new one is formed.

All local organizations again are urged to have representatives at the meeting. Sierra Madreans, coming as "individuals," also are welcome, Mrs. D'Arcy said.

The meeting Monday was instigated by the Coordinating Council and the Lions Club.

The Lions, former sponsors of Sierra Madre's Pioneer Days celebrations, have suggested now that the event—or some other festival—be made into an all-city affair.

At the Oct. 29 meeting, attended by some 40 delegates, it was voted to definitely have some sort of a celebration, "conducted by the community as a whole," and that it be organized to "raise money for the community good."

The word, "pioneer," has a special meaning for most Sierra Madreans, though, she said. The two words together would incorporate the early traditions of Sierra Madre and carry out the Spanish name theme, Mrs. Vane added.

That was the suggestion this week of Mrs. Grace Vane, 220 E. Sierra Madre boulevard, regarding a name for the Kersting Court Triangle.

Mrs. Vane said Mrs. Patricia Witter's suggestion to call it "The Plaza" was good, but the word "the" adds nothing to the name.

The word, "pioneer," has a special meaning for most Sierra Madreans, though, she said. The two words together would incorporate the early traditions of Sierra Madre and carry out the Spanish name theme, Mrs. Vane added.

EVERY WEEK IS 'BOOK WEEK' FOR MOTHERS' CLUB

Book Week is being celebrated nationally Nov. 12 to 18, but book week is every week for the Mothers' Club of the Ascension Parish Day School since it began work on the school library in the fall of 1949. In two years the library has been built up from a small, mixed handful of discarded books to a serviceable library of more than 650 classified and catalogued volumes.

Many of the books have been purchased with funds raised by the club through bazaars, rummage sales, and other means. Many have been gifts of patrons and others, and an attractive bookplate—designed by Miss Adele Richardson—has been inserted in these copies and in those given as memorials.

"Outgrown" books in good condition account for many of the library's additions. In addition to children's classics, the works of many of the best modern authors are included, and the library is building up an effective reference section.

Ward to Be Named Life P-TA Member

In recognition of his many years of service to the Sierra Madre Public School, E. Waldo Ward will be presented a life membership in the Parent-Teacher Association today.

Mr. Ward will be honored at a luncheon meeting of representative citizens and school officials in the school cafeteria at noon. The meeting has been called to make final plans for the Dec. 4 school bond election.

The Sierra Madre fruit producer served as a school trustee for 18 years and was president of the board during more than nine of those years. Mr. Ward was first elected to the board on Jan. 3, 1933, and was president from 1938 to 1941 and from 1945 to 1951.

He declined to seek re-election when his term expired this year.

As a child, Mr. Ward attended City School and has been keenly interested in its activities throughout his adult life.

The \$125,000 bond election next month has been called to meet the legal requirements of the Field Act which concerns earthquake-proofing school buildings.

CALL IT 'PIONEER PLAZA'

That was the suggestion this week of Mrs. Grace Vane, 220 E. Sierra Madre boulevard, regarding a name for the Kersting Court Triangle.

Mrs. Vane said Mrs. Patricia Witter's suggestion to call it "The Plaza" was good, but the word "the" adds nothing to the name.

The word, "pioneer," has a special meaning for most Sierra Madreans, though, she said. The two words together would incorporate the early traditions of Sierra Madre and carry out the Spanish name theme, Mrs. Vane added.

SCHOOLS AWAIT 4-DAY WEEKEND

Pupils at Sierra Madre City School will have both Thursday and Friday of next week as holidays. The occasion, of course, is Thanksgiving Day on Nov. 22.

Ascension Parish Day School and St. Rita's School also will be closed for the two days, making it a four-day holiday.

Rabbi Steckel To Tell Flight From Nazis

Dr. Charles W. Steckel, rabbi of the Foothill Jewish Community Center and chaplain of the City of Hope, Duarte, will address the Sierra Madre Lions Club this evening, 7:15 at the Woman's Clubhouse.

Dr. Steckel will describe the progress of the Jewish state of Israel and then tell about his dramatic escape from the Nazis during World War II.

When the Nazis started taking over Yugoslavia in 1941, Rabbi Steckel's position as a rabbi in Ossijek became perilous. He was interned for a short time, then released on the "promise" that he would help the Germans obtain money from Yugoslavian Jews.

Early in 1942, Dr. and Mrs. Steckel escaped across the Hungarian border and into

DR. CHARLES W. STECKEL . . . to relate escape

Budapest. There, for the next three years, he adopted a different name and posed as a Swedish Lutheran—always living in terror that his identity might be discovered.

The Steckels list as their "worst days" the see-saw battle for Budapest in 1945. "We moved from building to building, from floor to floor, and from room to room, living with Nazis and Russians, and never knowing who would be in control next," the rabbi related.

HEARING DUE ON NEW BUS ROUTE HERE

Sierra Madreans were reminded this week that the State Public Utilities Commission will open its hearing tomorrow, Nov. 16, on the application for a new bus service to Sierra Madre and three other cities.

The hearing, starting at 10:00 a.m., will be held in the administration building of the Monrovia Elementary School, 122 Linwood.

Cal-Transit Lines, through its owner, B. J. Smith, is asking permission to passenger and express service between Sierra Madre, Monrovia, Arcadia, and parts of unincorporated Duarte. Mr. Smith's proposed route would include a loop through part of this city's residential areas.

RECREATION OFFICIAL SUCCEEDS HERMAN BARTER

Charles James was appointed as a new city councilman Tuesday night, replacing Herman Barter, who resigned from the council on Oct. 23. Mr. James, a resident of Sierra Madre since 1947, has served for the past year on the city's Recreation Commission. His resignation from this body is expected at its next meeting. Councilman Henry Korsmeier moved that Mr. James be appointed to fill the vacancy following Mayor William A. Kinney's recommendation.

The new city father was administered the oath of office by Clerk Lawrence B. Brain, and he then took his seat on the council for the rest of the meeting.

Councilman and Mrs. James reside at 110 Rancho Road and have two children, Peter, a student at City School, and Kitty, who attends Ascension Parish Day School. Mrs. James last year served as president of the Sierra Madre Parent-Teacher Association.

Before coming to Sierra Madre, Mr. James lived in Westchester County, N. Y., for 13 years and worked in the New York office of Lederle Laboratories Division of the American Cynamid Company.

He now is assistant regional manager for the West Coast—an area extending from Seattle to San Diego—for the same company. The new councilman is a graduate in chemical engineering from Carnegie Tech in Pittsburgh.

Among his civic interests is Scouting, and Mr. James is at present chairman of the Pack 1 Cub Scout Committee.

LOCAL MASONS 'CLEAN HOUSE'

Sierra Madre Masons donned aprons (not their ceremonial ones) Saturday and pitched in for a "house-cleaning" session at their temple, 33 E. Sierra Madre boulevard.

The men, all members of Sierra Madre Lodge No. 408, F. and A.M., cleaned drapes and washed windows. Contracting painters repainted the building's woodwork.

NOTICE

The NEWS will come out as usual next Thursday, but, because of Thanksgiving Day, will not be delivered by mail until Friday.

St. Rita's to Build More Classrooms

Plans to expand St. Rita's School by building four new classrooms were announced following the monthly meeting of the Holy Name Society Monday night. The additional classrooms, scheduled for completion before September of next year, will either be joined onto the present school building at Baldwin and Alegria or built as a separate unit across the street on property owned by the Catholic school.

At Monday's meeting, Holy Name Society President Louis Van Iersel appointed Larry McGinnis chairman of a committee to investigate costs and location of the proposed construction.

Serving with Mr. McGinnis on the committee will be William Maloney and John Welch. Father Thomas O'Malley, C. P., had announced at the meeting that St. Rita's School is now overcrowded and needs more room. The existing building has four rooms, so the addition would double facilities of the school.

Approximately 208 pupils are enrolled at St. Rita's this year. Two years ago, the figure was 160.

Local Float Theme: 'Let Justice Reign'

"Let Justice Reign" is the proposed theme of Sierra Madre's 1952 Tournament of Roses Parade float.

Designer Alfred James Dewey has completed sketches of the floral entry and has sent a description to Rose Parade officials in Pasadena.

The float will depict a white-robed goddess of justice releasing doves of peace over the world. The "world" will be portrayed as a countryside with snow-capped mountains in the background. Mr. Dewey estimates that 70,000 flowers will be required for the float.

Meanwhile, Mayor William A. Kinney announced Tuesday night that the city has approved its usual \$500 donation to the Sierra Madre New Year's Day float. Parade theme next Jan. 1 is "Dreams of the Future."

BLOOD BANK VISIT 'BEST SINCE WAR'

With 201 pints of blood received, Sierra Madre Red Cross Blood Bank visit last Wednesday was hailed as "the best we've ever had since World War II."

The total pints donated was one above the city's quota, 200. "Sierra Madre should be proud of its good showing" exclaimed Mrs. Florence Peterson, executive secretary of the local Red Cross Chapter. "The response was very gratifying."

A total of 234 persons reported to the Woman's Clubhouse prepared to give blood, but 33 were rejected for various physical reasons. The large number of "drop ins," people not having appointments, helped to swell the blood donations.

PACK 1 CUBS MEET FRIDAY

Monthly pack meeting of Sierra Madre Cub Pack 1 will be held tomorrow, Nov. 16, 7:45 p.m. at the City School auditorium.

Besides the regular awards and den skits, Philip Jacobs will earn his webelos badge by presenting three selections on his clarinet. Several boys will be initiated into Cub Scouting.

Mann Released From Hospital

Hank Mann surprised patrons and employees of his Sierra News Stand restaurant Tuesday noon by making a brief appearance.

He had just been released from the hospital following an illness of several months.

Local Guild To Participate In Doll Fair

As an adult, you can put stars in the eyes of a child by taking him to the Doll Fair to be held Saturday, Nov. 17, from 10 a.m. to 5 p.m. at Marlborough School. Third and Rossmore streets in Los Angeles.

Sponsored by the 60 guilds and auxiliaries of the Children's Hospital for the benefit of the convalescent home, the exhibits are well worth the trip, according to Mrs. Frank Penn, publicity chairman of the Sierra Madre Guild.

This is the first year the local guild will participate. The Sierra Madreans will op-

Isabel Stradley To Review Books For Civic Club

Isabel Stradley of the Sierra Madre Public Library will review several current books at the Civic Club's next meeting, Tuesday, Nov. 20, 8 p.m. at the home of Mrs. Dean Stoddard, 501 N. Baldwin.

The meeting, to be presided over by Mrs. Bryce Tyler, club president, is being held two days early because Thanksgiving falls on the club's regular meeting night.

Assisting Mrs. Stoddard as hostess will be Mrs. R. H. Ohs.

erate the soft drinks booth.

Other booths will include antiques and china, odd buttons, Christmas stockings, desk accessories, fruitcakes, hand-knits, and crocheting. Last year the Doll Fair netted \$38,580 for the convalescent home.

NEW VIEWPOINTS AIRED ON OVERNIGHT PARKING

New sidelights on the proposed change in Sierra Madre's traffic ordinance governing overnight street parking were aired at Tuesday night's meeting, Aubert R. Johnson, 531 Brookside Lane, pointed out that many people in the canyon are unable to park on their own property and many more find it inconven-

ient. He suggested that the law which, in effect, prohibits overnight parking be rescinded.

Councilman Lawrence Washburn explained that from a police standpoint it is desirable to have some period during the 24-hour day when streets are cleared of all parked cars. This enables the tracing of stolen cars, among other things, he said.

Councilman Noren Eaton pointed out that it is "neither good police or good civic practice to have an ordinance on the books and not enforce it."

The present ordinance out-

laws parking on city streets between the hours of 2 and 4 a.m. Police Chief Gordon G. McMillan has suggested that it be amended to provide for legitimate "hardship" cases. Upon inspection and payment of a fee, a window sticker would be issued people who have no off-street parking facilities.

Mr. Johnson and one or two other people expressing themselves Tuesday night remarked that the permit system would make it impossible to accommodate guests. Not having the proper window stickers, their cars would be tagged by police, and the guests would leave with a bad impression of Sierra Madre's hospitality, it was said.

Mrs. Robert Wright, chairman of the Planning Commission, suggested that householders could buy extra stickers for possible guests when they first get their permits.

Explaining further the theory behind setting up a permit system, Mr. Washburn wryly observed that in other cities where the plan has been tried, there suddenly have "appeared" numerous places to park cars off the streets.

City Attorney T. Guy Cornyn reported that he has written Sacramento to find out what other cities are doing.

Mayor William A. Kinney thanked the citizens for their suggestions and viewpoints and said, "I'm sure that Mr. Cornyn will now be able to come in with a splendid ordinance."

"Yes," sighed the city attorney, "with a splendid ordinance and several additional gray hairs."

Center Women Announce 3 New Officers

New officers were announced this week for the Women's Division of the Foothill Community Jewish Center, 212 N. Lima.

The new officers replace several who either moved away from the area or whose busy schedules made necessary their resignations.

New president of the group is Mrs. Alice Glaser, who succeeds Leona Myerson. Other officers are Ann Grossman, vice-president; and Goldie Brezinsky, corresponding secretary, who succeeds Tillie Ross.

The first meeting with these officers will be a 12:30 luncheon on Nov. 20. Mrs. Kirsch of the National Women's League will speak, and Sierra Madrean Mrs. Sophie Paul will offer several piano selections.

Barbara Cox Works on Party

Sierra Madre coed, Barbara Cox, was one of the committee members planning the "birthday party" held yesterday in honor of John Muir College's Women's Athletic Association clubroom.

The 4-year-old "tropical" clubroom was furnished by various WAA money-raising projects.

Shaw's Chorus To Sing Nov. 20

Robert Shaw, recognized as one of the top authorities in the nation on choral music, will conduct the celebrated chorus and concert orchestra in a program of select music Tuesday night, Nov. 20, in the Philharmonic Auditorium, Los Angeles.

The program will open with the complete Mozart work, "Requiem Mass in D Minor," and also will include two "fables" by Maurice Ravel, the "Liebeslieder Waltzes" by Brahms, and two excerpts from George Gershwin's "Porgy and Bess."

Man Loses Wooden Leg

Mr. Alvin Hermostat of Elm Street today lost his wooden leg. But it wasn't the first time. Mr. Hermostat asserted that the leg has been a constant source of trouble, continually falling out of place and causing him no little embarrassment every time he sat down.

After trying everything, including glue mixed with some well chosen words, Mr. Hermostat decided on a permanent cure. He brought it to a specialist in this city who expertly attached the leg to the chair and at the same time reupholstered the chair seat.

The specialist, V. Keisel, with The Drapery Shop, 31 North Baldwin, respectfully submits this closing thought: "Your easy chair may be modest. Let us cover it." Remember this number—CU. 5-1255. It's an ad.

P. S. All interested parties are cordially invited to this plant to inspect our workmanship.

Melodrama Plays to Packed House

As the Civic Club's melodrama, "He Done Her Wrong," was fading into local history following its Saturday night performance, Chairman Lois Wodrich listed several performers whose names were omitted last week.

Don Miller, professional pantomimist, delighted the audience with six or seven numbers. His was one of the few acts that commanded nearly all the attention of the boisterous crowd.

Another act that drew many hoots of enjoyment were the male "can-can" dancers: Jim Heasley Jr., Charley Ellet (he was the short one who, seemingly, could never get the routine straightened out), Joe Murphy, Max Green, George Black, and Emory Johnston.

Behind the scenes supervision for the show was done by William Wilcox, director; John Rudbach, assistant director; Lola Rudbach, stage manager; Mary Storton, dance director; Virginia Smith, olio director; Virg Smith, lighting; Madeline Smith, table decorations; and Manuel de la Torre, theater decorations.

Be extra alert at night.

GIRL SCOUT NOTES

Troop 15 members invited their mothers to tea on Tuesday afternoon and served cupcakes baked by the girls themselves. Their table decorations which won the prize at the Father-Daughter Dinner, was on display. Also, the prize itself was proudly shown. It was a collection of small flags from each country which has a Girl Scout organization.

Troop 15 has a new member, Shirley Molosh, and has signed up Joycene Thompson to help with the singing part of each meeting.

Mrs. Arnold's troop is planning a camp-out at Camp Miller in the canyon above Glendora over the Thanksgiving holidays.

The Brownies of Troop 23 held their induction ceremony at St. Rita's Hall last Wednesday. Seventeen girls received their pins and entertained their mothers at tea. Mrs. MacDonough and Mrs. Lyons are leaders of this group.

The Brownies of the troop, led by Mrs. LaLone and Mrs. Mork, are planning a picnic at Santa Anita Park on Saturday. Lunch and games in the afternoon are scheduled.

CHRISTMAS SEAL SALE TO BEGIN

With a goal of \$550,000, the 1951 Christmas Seal Sale will open next Monday, Nov. 19, when postmen deliver the traditional Christmas seals to more than 800,000 Los Angeles County families.

"This will herald the opening of our most important seal campaign to date," declared Sherman Asche, chairman of the Christmas Seal Fund Committee of the Los Angeles County Tuberculosis and Health Association.

"Although we are steadily forcing the death rate down, tuberculosis still is a major health problem in this country," said Mr. Asche. "More than 14,000 people in L.A. County alone have this preventable, curable disease."

He pointed out that despite the record number of seal letters mailed this year, a number of people who want to buy Christmas Seals will not have received them. For their benefit, supplemental sales through booths and self-service merchandisers will open in more than 100 communities the first week in December.

Did You Get 'A Letter' From School?

If you are the parent of a Monrovia - Duarte High School student you probably received or will receive a letter from school today.

It won't be Bill's report card, for he will be bringing that home himself in another week. It won't be an unsatisfactory notice, for you've already had that. (Oops—it wasn't your Bill who had the notice, of course.)

The letter you are getting includes an invitation from the P-TA to the annual "Go-to-School" night this evening, Nov. 15, and Volume XII, Number 1 of "The High School Bulletin," a semi-annual progress report on the high school, published by the superintendent's office.

"Go-to-School" night will feature, in addition to the 10-minute class schedule, a practical demonstration of student government in action.

DON'T RACE TRAFFIC LIGHTS
Don't race with the traffic lights at intersections, advises the National Automobile Club. Trying to save yourself a few minutes of time may cost you a lifetime of regret.

POSTMAN JOE MESSINA takes time out from his task of handling Christmas Seal mail to examine the Christmas Seal letter handed him at headquarters of the Los Angeles County Tuberculosis and Health Association. More than 800,000 Los Angeles County families, Joe's included, will receive the traditional Christmas Seals when the annual campaign opens next Monday (November 19).

New Forest Park Slides To Be Shown

Sierra Madreans interested in conservation are invited to a free showing Monday afternoon, Nov. 19, of color slides of redwood and sugar pine trees in one of California's last remaining virgin forest areas.

The slides show the area near the north fork of the Stanislaus River, an area being considered as the site of a new state park.

Presenting the pictures will be Mrs. Owen Bradley, secretary of the Calaveras Grove Association. Although the state is said to have earmarked money to establish the area as a park, "matching money" from citizens still is needed before this can be accomplished.

The slides will be shown Monday at 2 p.m. at the Park house.

Foothill Center Sends Packages To Servicemen

Hanukah packages will be sent members of the Foothill Jewish Community Center now serving in the U.S. Armed Forces, according to Dr. Charles W. Steckel, rabbi.

Students of the Sunday and Hebrew Schools are preparing the packages. Rabbi Steckel listed the following as the center's servicemen: Norman Green, Donald H. Weissmann, Gary Pollack, Allan Weinfield, and Max Tursman.

Adult Education Program of Jewish Center Under Way

Second annual program of adult education of the Foothill Jewish Community Center began Tuesday night, Nov. 13, at the home of Mr. and Mrs. Charles Singerman, 1236 Oakwood, Arcadia.

Basic Judaism and Jewish history, sociology of the Jewish people, and current events will be discussed on Tuesday evenings by Dr. Charles W. Steckel.

L.A. Rams Offer Game Ducats To Blood Donors

Anyone pledging now to donate a pint of blood the next time the Red Cross Blood Bank visits Sierra Madre or nearby towns will receive a free ticket to the L.A. Rams-New York Yanks professional football game Sunday in the L.A. Coliseum.

Mrs. Florence Peterson, executive secretary of the local ARC Chapter, said the Rams have donated a large block of tickets for people giving blood for men in the Armed Forces. The next visit of the bank here is scheduled for May.

Sierra Madreans may make appointments now, though, and receive the free tickets, she said.

Olive View Party Hailed 'Greatest' Yet

A recent party for teenage tubercular patients at Olive View Sanitarium was hailed as the "greatest party" the girls in Ward 112 ever had.

The party, with Mrs. Marjorie Rizzo, 161 N. Hermosa, in charge, was sponsored by the Arcadia Knights of the Round Table.

Among the headlined entertainers who volunteered their talents for the evening were Charlie Aldrich, cowboy singer, and Sunny Baker, comedienne, both television stars on KTTV.

An interesting highlight of the show was when Cowgirl Singer Barbara Martin of San Gabriel won a chance for a TV audition on the basis of her performance at the sanitarium.

Arrangements for bringing the entertainers were completed by Herbert Herzberg of Monrovia, owner of Radio Station KWKW. Mr. Herzberg is program chairman of the Arcadia Knights of the Round Table.

Serisawa's Art Work Display Due

The work of Suelo Serisawa, rated as one of the most adroit colorists in the field today, will be displayed at Pasadena Art Institute, 46 N. Los Robles, in an exhibit opening Sunday, Nov. 18.

A spokesman of the institute said the exhibit allows one to "trace the exciting, and altogether too rare process, of a nature artist moving from one rich development to another."

Within the past 10 years, the rather somber tonality of Serisawa's earlier paintings has been replaced by brilliant contrasts and harmonies.

Mead Reviews Pasadena Parade

Doe Serves As Decoy To Save Fawn's Life

CHAPTER IV

When they started downhill again, the fawn turned in the head of a small canyon, the doe giving the now thoroughly frightened animal a parting butt to hasten him along. Then she did a peculiar thing. She slowed down to a walk, looking back once in a while, and taking pains to brush against all the limbs and branches until she reached a point where she could look back over her trail. Then she stopped and waited anxiously. She soon saw the dog coming down the track barking loudly. He passed the point where the fawn turned up the canyon, and took the stronger, easier trail of the slowly-moving doe. If he had only known it, the fawn was lying completely exhausted only some three hundred yards away under a sumach bush.

The doe waited a few moments longer, and then trotted leisurely along until the hog-back took a gentle slope down, then increasing her speed, she ran on and on for many miles.

The dog was young and fat, but held on gamely, and only when the trail ran near a spring, the scent of which came so tantalizingly to his hot nose, did he stop. He went down to the little pool, which looked so tempting under the shade of a great rock, and lying down in its cool depths, eagerly lapped the water. When he had drunk all he could hold, he crawled out on the bank for a sleep, and when he had rested he had forgotten all about the deer. But it dawned on him that he was a very young and inexperienced pup to be all alone in those big mountains, so he took his frightened way back to his master.

As for the doe, when she was sure the dog had quit, she circled around and went back to her fawn. When he saw her coming he was overjoyed, but instead of resting, she started to a pine park on the topmost peak, and it was only after traveling many weary miles that she would permit him to stop. They drank out of an old hollow log placed at the spring by some wandering cowmen years before, and then they went up to a patch of cane grass, where they lay down, completely tired out.

The next morning the old doe was so stiff and sore she could hardly get up, but with many creaks and groans she finally went down to water, and then taking the fawn, started on a tour of inspection around the park. She soon fell in with another doe and the two fawns, with whom they spent the remainder of the summer.

'SPEEDER' GETS FINE OF \$25

A fine of \$25 or five days in jail was brought against James Miller Harkins, 171 Adams, Saturday for failing to make a boulevard stop sign and speeding 50 miles per hour in a 25-mile zone.

"In Pasadena," observed Judge John C. Mead in making the sentence, "the speeding would be a flat three days in jail."

Pleading guilty to the two offenses, Harkins explained that he was "hurrying" to get to his machine shop in Pasadena.

NEWS BEGINS 46th YEAR OF SERVING SIERRA MADRE

Happy Birthday to us.
A glance at the volume number on page 1 of this week's NEWS shows that we are beginning our 46th year of publication. Behind that terse, routine message, "Vol. 46, No. 1," a lot of meaning is packed.

It means that for the better part of half a century the NEWS has been serving Sierra Madreans and growing up with the town. It means that your community newspaper has had an integral part in shaping the course of events here and reflecting the opinion of its townspeople.

As this our 46th year begins, we of the NEWS staff wish to reaffirm our pledge of service to Sierra Madre and to the chronicling of its bright future.

Haas to Say Laugh, Learn With Children

"Laugh and Learn with Children," will be the advice of Dr. Robert B. Haas, head of education extension at UCLA, when he appears on the monthly parent-education program at the Sierra Madre Community Nursery School next Tuesday, Nov. 20, at 8 p.m.

Parents of both school-age and pre-school children are invited to hear Dr. Haas, who is expected to show that learning is not too ponderous a thing to leave no room for fun and laughter.

Mrs. Marjorie Green, director of the nursery school, says of Dr. Haas: "His unique handling of laugh-and-learn discussion makes it decidedly easy to listen to."

Appearing in Sierra Madre through the cooperation of Pasadena City College, Dr. Haas is considered one of the best-known and widely-sought educational speakers in California. His talk is one in a series on parent-child relationships being presented by the Nursery School Association.

A question and answer period will follow his discussion on the enjoyable aspects of learning with children. The Nursery School building is 701 E. Sierra Madre boulevard.

Higher Cost Seen For Monterey Lane

Work of paving Monterey Lane has been completed, and the assessment on property owners is being spread by an expert on 1911 improvement district bonds, City Administrator R. Merritt Baker announced this week.

Cost of the project, however, will be somewhat higher than originally estimated, Mr. Baker said.

LETTER TO THE EDITOR

Editor, Sierra Madre NEWS:

Re-proposed bus line between Sierra Madre, Arcadia, Monrovia and Duarte. How about the "Forgotten Taxpayers" north of Grandview and east of Baldwin?

In some sections up here we have no street lights, yet our taxes are as high as those in any part of Sierra Madre.

"This quite a hike from this section to Sierra Madre Blvd., but we can all easily get to Grandview."

We have friends to visit, and money to spend in these cities—SO—how about routing the bus line from Double Drive west on Sierra Madre Blvd. to Michillinda, north on Michillinda to Grandview, east on Grandview to Double Drive and out of town? Seems this route would easily serve all residents of Sierra Madre.

Please don't leave us out in the cold on this deal TOO! Will surely appreciate your cooperation on this suggestion.

Sincerely,
MRS. BUD JOHNSON

Park Adult Group Sets Dinner Date

Another pot-luck dinner is being planned by the adult recreation group of the City Park. Mrs. Harry Howard, who was in charge of the group's last popular event, will supervise this dinner which is scheduled for Saturday noon, Nov. 17.

All adult Sierra Madreans are invited to take part in the fellowship and games and enjoy the facilities of the park. A community sing will follow the pot-luck dinner and then all may compete in the horse-shoes, darts, bean bags, checkers, dominos, and cards.

If a group of residents would like to form a specific game club, such as a checker club, such a group is asked to be at the park Saturday.

Local P.O. Offers Christmas Work

Postmaster Eddie D. Robertson said the Sierra Madre P.O. needs delivery workmen for the Christmas mailing rush.

Applicants must be over 18 under the present rule, he added. Holiday jobs in the foot carrier and parcel post delivery are open.

Merchants to Cooperate in Wistaria Fete

Lorne B. Pratt, manager of the Wistaria Vine Association, addressed the Businessmen's Association yesterday morning and told the history and background of Sierra Madre's fabulous vine.

Plans were outlined for cooperation between the merchants and the Wistaria Vine organization during next year's festival. Floral window displays in all the stores will help promote the event next March.

Mr. Pratt emphasized that the Wistaria festival is a community event for all Sierra Madreans.

Mr. Pratt, a former Sierra Madre businessman and at present secretary of the San Gabriel Chamber of Commerce also offered merchandising ideas and advice to the local merchants.

New state laws make it mandatory for every vehicle, including those at the end of a train of vehicles, to be equipped with at least one red or amber stop light actuated by brake system.

WHEN 'NEW CAR' NOVELTY WEARS OFF, TROUBLE DUE

When Mr. Average American Motorist hies himself down to a local salesroom and picks himself out a shiny new car he is usually more than conscientious in his upkeep of that car—for at least the first few weeks. In that golden period, points out the National Automobile Club, everything in tiptop shape. But then, unfortunately, the novelty wears away, he begins putting off till tomorrow what he is too busy to do today, and mechanical deterioration sets in.

First to notice the results of this putting-off-till-tomorrow habit are the garagemen and service station attendants. They soon find out that the oil in a crankcase is being kept at a lower than normal level and that the oil that is there has grown thin and useless. They peek into radiators to find the water level far down again and again and a solid coating of rust building up along the many surfaces. And they see batteries that are capable of much greater things come to dismal ends after but a few months of service because they've been kept half dry for most of their lives.

Less careful observers can see other things going on as time slips by. Continually putting off the job of having tire inflation checked, or brakes adjusted, or front wheels aligned, soon results in the oddest type of tire wear with deep hollows being gouged out all around and sidewalls cracking and rapidly breaking down. And continually putting off the job of leaving the car in a garage for a general tightening and checking of the chassis and body soon leads to a noisy chorus of squeaks and rattles that disturb the peace of motoring.

Wives will notice things, too. Leaving garage doors open after driving out on a rainy morning leads on to leaving them open all the time, and scattering tools and rags and grease or oil around on the garage floor easily becomes a habit that can hurt both your tires and you.

See that your car is in sound mechanical condition. It will save you money and will help keep you safe.

USE CAUTION ON CURVES

Approach all curves with caution, advises the National Automobile Club.

Perils of Tree Farming

Our company forester displayed a map of burned-over forest land—several thousand acres. The problem is to get trees to grow there again in profusion.

He said that when seeds are scattered for this purpose, rodents gobble up a high percentage of them; that a field mouse can eat double its weight in seeds in a day.

If seedlings, or small trees, are planted, the deer nibble away at the tender stock.

And if and when trees do get to growing, bears are apt to claw off the bark and eat the cambium layer, killing the tree.

But we're still reforesting, to keep our company in business for a great many years to come.

SUPERVISORS PROCLAIM AMERICAN EDUCATION WEEK

WHEREAS, both World War I and World War II revealed a shocking degree of illiteracy among our young men and women in a nation which prides itself upon its enlightenment, and

WHEREAS, this situation needs our constant attention if we are to take the lead among the democratic countries of the world, and

WHEREAS, we must emphasize the role of both our public and private schools in teaching our great American heritage to our young men and women, and

WHEREAS, this effort is being sponsored locally by the Los Angeles County Council of the American Legion, in cooperation with the National Education Association, National Congress of Parents and Teachers, and the Federal Office of Education;

NOW, THEREFORE, BE IT RESOLVED that the County Board of Supervisors proclaim the week of November 11 to 17, inclusive, as "AMERICAN EDUCATION WEEK" in Los Angeles County, and that all schools be asked to re-install into their pupils the great principle of "government of the people, by the people, and for the people" enunciated by Abraham Lincoln nearly 100 years ago.

FURTHER BE IT RESOLVED that official copies of this resolution be sent to the above-named organizations.

Korea Veterans Now Get Civil Service Points

Veterans of the Korean War are now receiving additional point credits in state civil service examinations, the State Personnel Board announced recently.

Since legislation giving them veterans' preference on a par with veterans of World Wars I and II went into effect Sept. 22, between 25 and 30 have applied.

Veterans seeking state positions must pass their examinations without preferential help, but after doing so 10 points are added to their score. The effect of this is to place them higher on the employment list from which vacancies are filled.

FOR REMOVING PLUGS

Spark plugs always are easier to remove when cool, advises the National Automobile Club. Both the plug and its port expand when the engine block is hot.

The Great Get-Together Day

Thanksgiving Day is an important holiday - possibly one of the most important in the calendar. The Pilgrim Fathers who thought of the idea of setting aside a particular day for public thanksgiving had many things to be grateful for - and so have we. The personal blessings we enjoy, and the blessings of immunity, safety, liberty, and integrity, deserve our gratitude.

Thanksgiving is a great family get-together day. If some members of yours cannot be with you, say "hello" to them over Long Distance. It's not expensive - only \$2.50 (plus tax) for three minutes from coast to coast.

Women Will Attend Arts, Letters Tea

A quartet of Sierra Madreans will attend the "program-tea" Monday, Nov. 19, of the Pasadena Chapter, National Society of Arts and Letters.

According to Caroline Converse, president, the event will honor the national vice-president and organizer of the Pasadena Chapter, Catharine Hamlet.

Elmer Grey, architect, who is one of the advisory council members, will open his home at 1372 S. El Molino for the 2 p.m. party.

The program theme of drama, song, and music will be carried out by a one-act play presented by the Paul Gerson Players of Hollywood.

Mezzo Soprano LaVona Cole will offer several selections, accompanied by Louise Richardson. Incidental music will be supplied by Vincent J. DeHonestis, former member of the U.S. Marine Corps Band.

Sierra Madreans attending the affair will be Mrs. Lucy Marquardt, corresponding secretary of the chapter; Mrs. Mabel Grill and Mrs. Alice Sedgman, both charter members; and Mrs. Ella Nourse.

AWARDS TO GIRLS

All of the Campfire and Bluebird groups participated in the annual Community Flower Show held Nov. 9 at Pritchard Hall. The girls had a table of their own at the show, and each group received an award.

Margaret Hobson, 279 E. Laurel avenue, was one of the many happy Stanford students who saw Stanford win over SC on Saturday. Her father, H. D. Hobson, a Stanford alumnus, and her brother, Richard, also saw the game.

Two Stanford friends of Miss Hobson, Emmy Faulkner of Boston, and Binnie Carpenter, of Berkeley, also came down for the game and were weekend guests at the Hobson home.

Margaret is a freshman at Stanford, majoring in languages. She is singing in the university chorus and is on the Roble Housing committee.

Children's Benefit Features Magic

Rabbits will be popping from hats at the "Magic Morning" for children to be presented by Delta Gamma Alumnae of Pasadena at the Shakespeare Club auditorium, 230 S. Los Robles, Pasadena, on Saturday, December 8, at 10 a.m. The entertainment is to benefit the Nursery School for Visually Handicapped Children, and will feature Geraldine Larsen, well-known "Magic Lady" of stage and television, with an all-star cast.

Carolyn Trask will perform her Chinese Fantasy, Arie Chesney will present sand pictures, and Nope Tripp, assisted by her daughters, Arline and Nancy, will do a family variety act of magic. Mrs. Larsen and Mrs. Trask were founders of Magicals, a national organization for professional women magicians, of which the late Mrs. Harry Houdini was honorary president, and all the cast are active members.

Following the show, hot dogs will be sold in the Shakespeare Club Stratford House. There will be a gala carnival lunch with balloons, popcorn and a fish pond. A feature of special interest to parents will be "Magic Morning" portraits, to be photographed and finished within a few minutes.

The public is invited to both the magic show and the luncheon. General chairman and assistant chairman of the affair are Mmes. Edwin Pyle and James R. Parker, respectively, both of Pasadena.

Students from Wilson and Marshall Junior High Schools will report on their school activities.

Out of the meeting, it is hoped, will come a tangible program for meeting the social and recreational needs for youth in this area.

ANOAKIA RING CEREMONY

Twenty-five seniors of the Anoakia Flintridge School for Girls received their class rings at the traditional ring ceremony held Friday, Nov. 2. A reception followed at Anoakia Hill. Carmen Alden, daughter of Dr. and Mrs. Ward C. Alden of San Marino, is the class president.

The first of a series of class teas was given Monday, Nov. 5, for the sixth through ninth grades. Mrs. Christopher Hendra, president of the Mothers' Group, presided. A sophomore class tea was given Thursday, Nov. 8. The purpose of these teas is to talk over and plan activities of interest to the classes.

The Order of Eastern Star held election of officers at its last meeting Monday, Nov. 5. Worthy Matron is Mrs. Milo Murray, Worthy Patron, Wallace Scott. Associate Matron is Mrs. Harriet Beard; Associate Patron is Frank Marsh. Mrs. Gayle Moore was elected to the office of Conductress, and Mrs. Florence Bowers to the office of Associate Conductress. Twelve additional officers will be appointed later by the Worthy Matron. Secretary and Treasurer of the organization are Mrs. Helen Sandage and Mrs. Tillie Froehlich, respectively.

The evening of Monday, Nov. 19, will be the "Worthy Matron's Last Night," which is the traditional farewell to the former Worthy Matron. At this time, also, a reception for new members, about 20, will be given. On December 3, installation of new officers will be held.

Recreational Needs in Area To Be Aired

A community meeting to discover the recreational and social needs of youth living in this area will be held Tuesday evening, Nov. 20, at Eugene Field School, 3600 E. Sierra Madre boulevard, in the Hastings Ranch.

All parents of children and youths residing in the Hastings Ranch, Coronet Homes Tract, and Sierra Madre are urged to attend.

Program committee of the Pasadena Recreation and Youth Service Council is planning the meeting. Mrs. Charles Siegel, chairman of the committee; J. R. Haworth, Field School principal; and Dr. Robert Gilchrist, chairman of the council, have arranged to have reports from agencies serving both elementary and junior high youths.

The reports will help in formulating an expression from the group as to what should be provided in the area which is not now, explained Mrs. Siegel.

Students from Wilson and Marshall Junior High Schools will report on their school activities.

Out of the meeting, it is hoped, will come a tangible program for meeting the social and recreational needs for youth in this area.

Cpl. John Fergus Teaches Jet Fliers

Airforce Corporal John Fergus, whose parents are Mr. and Mrs. John S. Fergus, of 154 W. Sierra Madre Blvd., was recently transferred from Shippey Air Force Base, Wichita Falls, Texas, to the new Amarillo Air Force Base in Texas. Corporal Fergus is presently instructing airmen in precision instrument flying in the B-47s, the new jets. Although his ultimate goal is to become a pilot (he is only now 19 years old), he hopes soon to be sent to Japan as an instructor.

The official opening of the Amarillo base was scheduled for Nov. 11, but was postponed until its completion.

MENTAL STIMULUS

What is an alcoholic? An alcoholic is one who has never learned to say NO to his deadliest enemy, alcoholic drinks.

Why is an alcoholic beverage a deadly enemy? Because it is a habit-forming depressant narcotic. This is scientific medical knowledge.

Why are there Dry Forces operating all over the country and the world, too? Because they are aware of the tremendous damage done through the use of this narcotic. When an evil arises and gets out of control, always an opposing force appears and conquers. The world moves forward.

Richard Forest Eyre was his brother's best man, and ushers were Harlan R. Dunlap and Thomas Masters.

The wedding, performed by Rev. Charles A. Shreve, was followed by a reception in the parish house. Following a honeymoon trip to an undisclosed destination, the couple will make their home in San Gabriel.

The new Mrs. Eyre is a former student of Pasadena City College and her husband attended John Muir College.

Hadassah Official Will Speak Here

Mrs. Joseph Hamerman, national chairman of Hadassah's American Affairs Committee, will be guest speaker at the regular Friday night service tomorrow, Nov. 16, 8:30 p. m., at the Foothill Jewish Community Center, 212 N. Lima. The meeting will honor Hadassah Sabbath.

Mrs. Hamerman was one of 32 delegates to the World Zionist Congress and had an opportunity to make extensive tours in Israel, several European countries and the United States. Her subject is "Forty Years of Progress in Israel."

Dr. Charles W. Steckel will officiate at the services, and the Foothill Chapter of Hadassah will participate and be hostesses for the social hour following the meeting.

In charge of arrangements for the evening are Mrs. Mollie Cohen and Mrs. Naomi Green of Sierra Madre, Mrs. Sophie Paul of Arcadia, and Mrs. Fannie Friedman of Monrovia. The public is invited.

SAILORS RETURN TO HOME SHORES

It is "home" again for two local boys who have seen action in the Korean area for the past six months.

Roy E. Warden, airman, USN, whose home is at 282 Santa Anita Ct., is now stationed in San Diego, and expects a 30-day leave beginning Dec. 28. His wife is the former Donna Bennett, daughter of the Percy F. Bennetts, 67 Windsor Lane. Airman Warden will receive his release from the Navy in April, 1952.

George H. Woodruff is now enjoying his home's leave. Boatwain's Mate Striker Woodruff lives with his parents, Dr. and Mrs. George H. Woodruff, Jr., 3423 Barhite, Pasadena.

The USS Corson, on which both boys are serving, has been cruising with the naval forces in Okinawa and Japan. While in the Far East, the Corson was engaged in tending seaplanes, and for this work received a "Well Done" from the commander of the Seventh Fleet. Now docked in San Diego, the ship will shortly go on to San Francisco.

CAMPFIRE GIRLS GIVING

The Campfire Girls are holding a semi-annual event Friday evening, Nov. 16, at Pritchard Hall. The fall event is called the Thanksgiving Council Fire, and the theme this year

is "Gracious Giving." The girls are bringing food to be distributed locally for Thanksgiving. One of the events of the evening will be the presentation of awards won since the last council fire in May.

SEVERAL HUNDRED VIEW CHURCH'S FLOWER SHOW

Several hundred Sierra Madreans "oohed" and "aahed" over the numerous floral and plant displays at the Congregational Church's annual Community Flower Show Friday. Spectators stemmed their way along a greenery-banked hallway before entering Pritchard Hall through a floral archway. Horticultural exhibits were arranged along all sides of the room, and a refreshments table greeted show-goers in the center.

The entire rear section of the hall was used to display floral entries of the Sierra Madre Garden Club. An adjoining room offered for sale miscellaneous rummage items, aprons, fancy work, gifts, and food.

Ribbon winners in the various divisions of competition were announced as follows: (Note: The Garden Club's winners are listed separately because a different basis of judging was employed.)

TOURISTS SPEND HALF BILLION IN SOUTHLAND

Nearly half a billion dollars was spent in the Southland by out-of-state tourists this past year, the All-Year Club reported yesterday.

The total, \$473,957,365, was almost 12 per cent more than was spent in 1950. But even this was only a part of the area's profit from the tourist business, President Walter Braunschweiger of the All-Year Club said.

"An even greater stream of dollars is flowing into our area constantly in the form of big investments and retirement incomes of people who see this place first while on a vacation, and then recognize the rich possibilities of Southern California," he explained.

Woman's Club Hears About Copper Work

Mrs. E. W. Beutler presided at a short business meeting of the Sierra Madre Woman's Club on Wednesday, Nov. 14, before an interesting and varied program. Mrs. Percy Kortkamp, Program Chairman, introduced Mrs. Irene Salter, who told of her work with copper, showing much of her own beautiful work, and demonstrating its possibilities. Following Mrs. Salter's presentation, members and guests were entertained with a book review by Isabelle Stradley, of the Sierra Madre Library. A delicious luncheon was served at the close of the program by Mrs. Carl Peterson and her committee.

valuation for such length of time as will permit raising sufficient funds for the repair, reconstruction, or replacement of the Sierra Madre City School building found to contain defects tending to make it unfit for the proper housing of the children?

PROPOSITION NO. 3
Shall the school building of the Sierra Madre City School District of Los Angeles County, California, be abandoned and tents or other temporary structures be used in lieu of the building abandoned? The following named persons, being competent and qualified electors of this school district, are hereby appointed officers of election to conduct said election: Mrs. Henrietta G. Hinkley as Inspector; and Mrs. Marie C. Lord and Mrs. Juanita E. Caskey as Judges, and said inspector and judges shall make return of said election pursuant to law.

FIRE FLAMES

Our sage tells us that a secret is something you tell to one person at a time, and after he heard the firemen's quartet composed of Jim Heasley, Fran' Eakman, Mo' Thomas and Gene Toms, he told us that a quartet is four people, each of whom thinks the other three can't sing.

And then he said that "sympathy" is one woman listening to another until she's heard all the details.

An important meeting held after the regular drill last Friday was well attended and it's a sad report to mention that those absent were some of the "old school" who are becoming habitual "once-out-of-three" members. If a member is absent from meeting more than three times in succession, he automatically suspends himself. Really—if a person is no more interested than that, he should suspend himself. (I guess that's tellin' 'em.)

A sad but necessary replacement had to be made on the Active Roll to fill that left by our deceased brother, Art Johnson. The manner in which the department conducts such matters is by popular vote of the active members. Because there are such popular and well-equipped men on the eligibility list, a very close vote was tallied, with Louis George winning the post. Louis will now be among those who determine the progress of the fire department business.

"Success is getting what you want; happiness is wanting what you get." And Louis said that he feels successful and happy. And so is the department.

The other boys eligible for promotion into the Active Roll are of the caliber that we are proud to boast. Let's hope that they stay with us until the time for them to enter the top list.

We have been having more runs this year than ordinary. Most of them are of a minor nature, but still it doesn't sound as good as to have very few. At that—we have much to be proud of, for despite the calls, there has been very little damage when all is considered.

We want to take this opportunity to thank Ed Davey and his most cordial family for their patience in permitting the men of the fire department to back the trucks over the grass to their swim pool, where the practice of drafting water is done. On several occasions of late this has been an important practice and a vital one, particularly at this time, when we are threatened with disaster.

Our equipment must be used for these many functions it may be called upon to perform. If permitted to be idle from certain functions, there is the danger that valves, gaskets, hose and other vital parts will become defective.

In order for the trucks to get to the pool, it is necessary that the Daveys' autos be moved from the pathway. After the appearance of Miss Davey in the act of moving the cars, Chief Jim found it most difficult to get the minds of the men back to the job assigned. And Ed wasn't so slow at distracting them either.

All members of the fire fighting circle are grateful for the manner in which they are accepted by the residents of the town. It makes us proud to be their servants and desirous of doing something good.

It is only this cooperation and good public relations that have proved our past success in keeping the fires down and the interest of the men up. Let's continue to do both. FIRES OUT.

Institute Offers 'Of Mice and Men'

"Of Mice and Men," the film version of John Steinbeck's novel of migratory workers, will be shown tomorrow night, Nov. 16, 8 o'clock, at Pasadena Art Institute, 46 N. Los Robles.

The film stars Burgess Meredith, Lon Chaney Jr., and Betty Field. In the accompanying short feature, "Steps of the Ballet," the Sadler's Wells Ballet explains the component parts of the ballet: the choreographer, performers, and designers.

VFW Seeks 'Most Worthy Farm Veteran'

A search for the "most worthy farm veteran" in the United States to be awarded free a new 80-acre fully developed irrigated farm in Eastern Washington, equipped with furnished house, farm buildings, machinery and livestock, was launched here today by local Veterans of Foreign Wars Post 3208.

The farm, valued at \$50,000, is to be transformed from sagebrush in a single day. It will be the site of the initial delivery of Grand Coulee Dam water to the million-acre Columbia Basin Federal Reclamation Project in May, 1952, during a five-day celebration sponsored by the state of Washington.

The winning veteran will play a prominent role in the water delivery ceremonies which mark the end of a 35-year struggle for the project. Larry Shepherd, Commander of Harry L. Embree Post No. 3208, Veterans of Foreign Wars in Sierra Madre, said that his organization is conducting a nation-wide search for the lucky veteran in co-operation with the Columbia Basin Celebration Committee. The project on which the farm is situated is being completed by the Bureau of Reclamation, Department of the Interior.

Only veterans of World War II and the Korean War are eligible.

They must have had dry land or irrigated farming experience, be physically able to engage in farming and meet certain other qualifications.

Those wishing to apply for the award can get complete information through the local Veterans of Foreign Wars Post. January 15 is the deadline for entries.

Drive Courteously.

COUNTY MAY OFFER ADVICE ON BURNING

Householders soon may be given accurate information on the proper operation of backyard incinerators, according to Supervisor Raymond V. Darby.

The Board of Supervisors last week suggested that the County Air Pollution Control Department study and report on the advisability of issuing literature on how rubbish should be burned and also on the possibility of demonstrating through television correct burning practices.

COUNCIL DENIES

From page one

appeal be denied, Councilman Noren Eaton stated that it is his observation, and that of the Southern California Planning Congress, that "a breakdown of the zoning ordinance takes place when variances are granted where areas should be rezoned."

A petition signed by 34 property owners in the area was presented "in protest" to the variance request by George Egbers, 322 Sycamore Place.

The petitioners described themselves as being "unalterably opposed" to any variance or rezoning from R-1 "except by the express approval of the property owners."

In answer to a question from the audience, City Attorney T. Guy Cornyn explained that in considering rezoning the area, the Planning Commission would not be bound by wishes of the property owners but undoubtedly would take them into consideration.

Mr. Sengers had contended that his request for a variance was justified since there are a number of non-conforming R-1 lots in the area "now enjoying the R-2 privileges which I have been denied."

His proposed second dwelling would be of modern architecture and would "add to the beauty of the neighborhood," not result in damage or prejudice to it, he said.

GOOD HEALTH

Answer to Question No. 1:

It is the blocking of a vessel that supplies blood to the heart muscle. Its seriousness depends upon how large the vessel is, and how much muscle thereby loses its blood supply. A very small percentage die of the first attack. Other victims can, thanks to modern medical developments, continue for many years to live useful lives.

Answer to Question No. 2:

Usually hoarseness is the result of a cold, or a chemical irritant, or too much use of the voice. If there is no simple explanation of your hoarseness, and it persists, see a doctor. A serious illness, such as tuberculosis or cancer of the throat, might be the cause.

Answer to Question No. 3:

Pork is a delicious, nourishing food, but may be infected with trichinae, tiny parasites that cause the sometimes fatal disease, trichinosis. This disease is more prevalent than you may think. The housewife may protect her family by cooking all pork thoroughly until meat at the center loses its pink color and turns grey. Some communities are acting to eliminate the parasite, and danger of other diseases, by such public measures as requiring all garbage fed to hogs be cooked, and all pork products adequately processed and microscopically inspected.

RETURN TRIP TO BORNEO RELATED BY AGNES KEITH

by ISABEL STRADLEY

White Man Returns, by Agnes Keith

One might think that after nearly four years in a Japanese prison camp, which Mrs. Keith wrote of unforgettably in a former book, "Three Came Home," the Keith family would have had enough of the East, and particularly Borneo. Not so!

Still in poor health from his prison experiences, Mr. Keith went back six months after he came home. His wife and son followed him a year later. Not because they wanted to go back, but because the government asked their aid in helping to rehabilitate war-shattered Borneo!

Renouncing home, tradition, comfort, they went back to undergo heat, discomfort, perhaps agonies of deprivation, in order to bring some of the amenities of Western civilization to a native people.

The Sulu Sea is dazzling blue, the jungle deeply green. In their garden orchids bloom, and frangipani, and other lush tropical plants. Borneo is a fabulous land, wonderful to read about and fascinating—from a safe distance!

Mrs. Keith knows very well that native people—whether the native of Borneo, or the Malay, the Chinese, the Filipino, the Hindu—do not understand the West. And sometimes they are afraid of it. Her book is distinguished for her deep awareness of the problem of the East versus the West. The future of Borneo is in doubt. And the future of the white man in the East is still more in doubt.

The author's delicious sense of humor carries her over many a tough spot. The book is memorable for many things: the opinion of a young Eurasian girl on the Chinese Communists; the Japanese soldier who did not act like an enemy; the cook, Ah San, who longed to make "fine fancy cakes with fancy frosting," and always young George whose playmates are a macque monkey, a work dog, a civet cat, a Chinese baby and assorted Eurasian pals. Other books at the library are:

Non-fiction: Mr. Lincoln's Contemporaries, Meredith; Selected Letters of John Keats; Cracks in the Kremlin Wall, Crankshaw; Lost Library, Meh-

ring; A Man Called Peter, Marshall; Time to Remember, Douglas; One Damned Island after Another, Howard; My Turkish Adventure, Burr; Tyrant from Illinois, Bolles; Magnificent Century, Costain; Schnozzola, Fowler; Going Light with Backpack or Burro, Brower; Twelve Sport Immortals, Heyn; Rose Bowl Game, Samuelson; High Horizons, Taylor.

Fiction: Picture Window, Lawrence; Lise Lillywhite, Sharp; Woman at the Window, White; Renny's Daughter, De la Roche; Lie Down in Darkness, Styron; Spellbound Village, Yenni; Fallen Away, Banning; Weapon Shops of Isher, Van Vogt; Cloudgap, La Penta; Glittering Shores, Hubbell; Teahouse of the August Moon, Sneider; Moses, Asch; Holy Sinner, Mann; Mystery Stories by Bilzard, Lorac, Innes, Disney, Gardner; Westerns by Ermine, Field, Santee.

P-TA Film 'Will End Money Cares'

Interested in a rosy future free of all financial cares?

Then attend the next meeting of the Sierra Madre Parent-Teacher Association, tonight, Nov. 15, at 7:45 in the City School auditorium.

At that time Roy Ray Roberts, educational chairman for all types of industry for 17 years in the Los Angeles Chamber of Commerce, will present color slides and speak on the subject, "What Our Children Should Know about Life Insurance."

Then you can teach Junior early, in time to provide for YOUR old age, explained Mrs. Martha Coutant, publicity chairman.

Mr. Roberts also was national education chairman for the National Association of Life Underwriters for four years. He has been in the insurance business since 1912.

Because of his public education work on insurance subjects, the L.A. Chamber awarded Mr. Roberts the Will G. Farrell Award in 1950—an award made for distinguished service.

A question and answer period will follow Mr. Roberts' talk and the slides.

The parent-education committee, Mr. and Mrs. William Herrold, will have a display of curriculum material available to the parents. Fifth grade teachers and mothers will be co-hostesses for the evening.

Be extra alert at night.

Gas Company Asks Boost In Rates

A public hearing has been set to begin Dec. 12 on the application of Southern Counties Gas Company for permission to increase its gas rates on an annual basis by \$16,967,000 in 1951.

Harold P. Huls of the California Public Utilities Commission has notified all cities, state and county officials of the hearing and invited "interested parties" to attend.

Mr. Huls will preside at the hearing, to begin at 10 a.m. in the Commission Courtroom, Mirror Building, 145 S. Spring street, Los Angeles.

His letter to officials said the gas company's application stated that "there has been a progressive deterioration in earnings because of higher unit cost of labor and materials and that the estimated rate of return will drop to 4.61 per cent."

FUND DRIVE

From page one

Nursery School is included. Mrs. J. P. O'Neill, president of the Nursery School Association, said that without help of the Community Fund Drive, the nursery school's program would be "much more limited."

According to figures compiled in June, she said, from four to six families were getting full financial assistance and at least 15 families were receiving work credit in lieu of their cash contributions.

"Our only outside source of defraying this cost—besides the fund drive—is a limited amount out of our budget and the proceeds from the sale of a nursery school handbook. The Sierra Madre Nursery School is not just a child-care center, but offers professionally-supervised group action for the pre-school child."

LARGE LUMBER MILL

One of the largest lumber mills in the world is reported by the National Automobile Club to be located at Westwood in Lassen County, California.

WHO DRAINS GAS TANK?

How many car owners ever think of draining the gasoline tank of their cars? Not many, declares the National Automobile Club. Yet it is urged by service experts as a wise course from time to time. A lot of the sediment that gets into the fuel line, especially when the gas supply is low, can be removed by periodic draining.

Be extra alert at night.

Scout District Election Due

New officers for the Sierra Madre district will be elected and installed Monday evening. Installation officers will be T. H. Trask, Scout executive for the council; and D. L. Robertson, president of the council. Mayor William A. Kinney will serve as master of ceremonies.
